What sets us apart

Our business model is based on *full-service*.
What that means to you ~

- **We** have created a 4-step system to both simplify and capture the essence of your event that will ensure the process seamless to you.
- **We** use our imagination and creative thinking to expand our horizons. To us, the most effective way to truly customize any dessert buffet is to use the table as our palette and style the desserts and plating around the theme and colors.
- **Our** broad service offerings were founded through our passion to create and complete. Each dessert is styled and presented with refinement and élan. Our flavors are authentic, fresh and organic and will tickle your taste-buds and your fancy.
- **The** unexpected is what details create. Just when you think you've seen it all is when another small but powerful element is discovered, on the buffet.

Yelp Reviews

Lisa did an amazing dessert buffet for my recent engagement party!! She did a theme of engagement rings and circles, with the colors/flavors of raspberry and cream. The table looked AMAZING-she brought all of her own platters, cake stands, cute signs for each dessert, flowers, candles, etc. She made peanut brittle, lemon bars, raspberry macarons, glazed Madeline cookies, chocolate éclair parfait "shots", scotch chocolate truffles, raspberry swirl cupcakes, apricot heart cookies, along with other candy goodies. I definitely sampled every item, and they were all fabulous (with the parfaits being my-and everyone else's- favorite)! You could definitely taste that she uses fresh ingredients, and she also uses organic and local whenever possible. Unlike most "pretty" desserts, these actually tasted as good (or better) than they looked! I definitely need more of those parfaits at my wedding.
